STRICTLY SPEAKING

Fall is coming, and along with the turning of the leaves we bring you blushing pussy and freshly whipped asses. Not the least among these is our cover stunner, the fiery Italian beauty Valentina Nappi, subdued and willing...with a penchant for anal.

New in this issue, we introduce Q&A, where we reveal the sexy inner psyche of the girls who model for TABOO. Hidden desires, perversions, real experiences and more than a few surprises abound. We couldn't make this up if we tried. Truth is definitely more perverse than fiction!

Please write to us with your suggestions, questions or gripes (praise is okay too). We are here to serve.

The delicious smell of latex was in the air at the first annual Valley of the Rubber Dolls event held this year in Los Angeles. A good time was had by all who layered up with the finest silicone and rubber gear to be seen (and unseen) anywhere. The enthusiastic crowd at this well-appointed and intimate event ensured that there will be many more VRD weekends to come. An excellent opportunity to get dolled up and socialize in high style.

A woman with long black hair and bangs is sitting on a wooden staircase. She is wearing a white maid-style dress with black lace trim and a black choker with a metal ring. She is also wearing white thigh-high stockings and black and white high-heeled shoes with black laces. She has black leather cuffs with metal rings on her wrists and ankles. She is looking directly at the camera with a slight smile.

When did you start fetish modeling and what were the circumstances?

In my first fetish video three years ago, I played a quiet schoolteacher who transformed into superhero Aphrodite when captured by the enemies. Being the superhero, I was supposed to be a strong and beautiful character who defeated the enemies. I was afraid of being tied up and subjected to candle wax and whips, but surprisingly they led me to ecstasy quickly. The director was not happy that I stopped fighting so soon, but it was then that I knew I would be a good fetish model!

What fetishes are you into? What do you fetishize in your life?

I like the Japanese bondage. It is a lot more dangerous than it looks, and sometimes very painful.

The harder the bondage, the more important it is to be able to trust the partner and give him or her the complete control. That is hard to do if you are afraid of being tied up that way.

The co-star in my first fetish video was very famous for his bondage work in Japan, and I was dating him at the time. I think I naturally picked up the spirit of bondage fetishism by hanging out with him.

I love cute and little things. I fetishize Japanese animé-like scenes—myself, a cute little Japanese girl, walking in a forest. I am suddenly surrounded by lots of big bears, taken to their little cave and live there as a captive, eating lots of sweets and being tortured!

Why did you want to shoot for TABOO?

Because I got to work with my favorite photographer, Lightworship,

and be featured in a famous popular magazine! I want all my fans to see it, and I am sure it is going to look great! I was so happy to get the offer.

I would say “why would anyone NOT want to be in TABOO?!”

Have you ever been spanked?

YES!! I LOVE being touched gently right after hard spanking.

What is the wildest thing you have ever done, on- or off-set?

It's hard to say. Every day is the wildest and fetishy for me!

Having sex with someone I just met in front of lots of people...moving to the USA and working in porn...I can't remember having any “normal” day.

Have you ever been pissed on or pissed on someone?

I like to try everything at least once before I decide I like something or not. I have a hard time saying “no,” so I have done it professionally and personally. I have to say having to taste the piss of a middle-aged man first thing in the morning tasted awful. It was at the shoot, but it was so bad it gave me goose bumps.

Also, when I was dating the fetish guy, he told me to shit in front of him. I was too embarrassed and said no, then he told me pissing would do.

I was good friends with this other male performer. Sometimes he would ask me to give him a BJ before the shoot to get him ready for a scene, but he would take that opportunity to make me drink his piss. It tasted disgusting, but he would never work again if I told the director or agent that he forced me to drink

his piss, so I didn't say anything. I didn't like being fed his piss secretly, but the fact that I had that secret got me excited. I was being a “good girl” by doing what he told me, but I don't like drinking piss!

What do you think about anal?

My anal is Japanese-size! It's very tiny, so I am very scared before I do any anal play. I enjoy the trust/mind-control aspect of it in the same way as I enjoy the bondage. For that reason, I try to have a good communication with the other co-stars. It's sometimes difficult for me, because I can't communicate in the Japanese language with American actors, but luckily, I don't always need to use words to communicate during sex.

Are you more interested in the art of fetish modeling or the sex of fetish porn or both?

Both. I always accept all offers because I love being a part of beautiful, artistic work. I am such a big chicken that I'm very scared beforehand, but once the camera starts to roll and the fetish act begins, I always end up enjoying it.

Is there anything else you would like the TABOO readers to know about you?

I am a regular porn star and not all that knowledgeable about it so much, though I do like it when I'm offered an opportunity...but I enjoyed working on this project so much. I hope lots of people see it!

Are you in a fetish lifestyle partnership? Would you like to be in one?

No, I am not specifically looking for one, but if my next boyfriend happens to be into it, I will want him to teach me a lot about it.

"The first time I ever pissed in front of my top, we were scening in the mountains of San Bernardino, California. I had to pee so badly I started to sweat. My wrists were chained to a branch above my head, so I wasn't going anywhere. Much as I tried, it was impossible to hold it any longer. He watched as the piss streamed out. I was so embarrassed I wanted to die."

When did you start fetish modeling and under what circumstances?

I started when I was 18 years old with some friends, just for fun.

What fetishes are you into? What do you fetishize in your life?

Feet, armpits, balls... I just like every side of sexuality.

Why did you want to shoot for TABOO?

I like the way TABOO looks; it is interesting. I can be submissive, but I don't really like pain. Shooting for TABOO is a way to push myself to my limits, my way to cross the line. Sometimes it is uncomfortable, but it is worth it.

Have you ever been spanked?

Yes, I tried a lot of times. I have spanked people, too.

What is the wildest thing you have ever done, on- or off-set?

A gangbang with 53 fans.

Have you ever been pissed on or pissed on someone?

I have peed on a guy. I like to pee; it is funny. I have some dog or cat instincts; I like to mark my territory. I love to pee around. I've never tried someone peeing on me. Maybe I will. I like seeing people pee, like when a friend comes over before sex, he or she, I like to watch them when they pee. I can tell what they drank, like, if it was coffee, it is really smelly!

What do you think about anal sex?

I prefer to take it in the butt than the pussy. I can have crazy orgasms with a dick in my asshole. It is unlike anything else. The more I did anal and got comfortable with the preparation, I learned to relax and enjoy it. Now I love it!

Are you more interested in the art of fetish modeling or the sex of fetish porn or both?

Both. Before porn, I was an art model. I did a couple things where I was shaving my pussy or peeing in cups, things like that. My first porn scene was Rocco Siffredi fucking my ass.

Are you in a fetish lifestyle partnership? Would you like to be in one?

Right now I am not. I talked about my slave before. I met him in Italy when I was a teenager. He wanted to be my slave, and I thought, *Why not try something new?* He lived at his grandmother's house, and sometimes she would be home. He would scream very loud, like when I kicked him in the balls. It was funny. I would go over and we would run into his room and do kinky things.

When did you start fetish modeling and what were the circumstances?

I started fetish modeling a couple of months into my career.

What fetishes are you into? What do you fetishize in your life?

Reverse cuckold and, for some reason, I have a huge turn-on from nice hands.

Why did you want to shoot for TABOO?

Because I love exploring new fetishes, and also the rope work is amazing and I wanted to experience more of it.

Have you ever been spanked?

I've been spanked hard by many females in this industry, but I've never been spanked that hard by a man.

What is the wildest thing you have ever done, on- or off-set?

The wildest thing I've done on-camera is allow a man to step on my head and let chicks spit in my mouth.

Have you ever been pissed on or pissed on someone?

I've never been pissed on, but I accidentally pissed on someone before I "squirted."

What do you think about anal?

I fucking love anal sex!

Are you more interested in the art of fetish modeling or the sex of fetish porn or both?

At first I was only interested in the art of fetish modeling, but as I'm moving on in my career, I love the thought of all control and power in someone else's hands.

Is there anything else you would like the TABOO readers to know about you?

I want them to know that I'm becoming more and more interested in fetish modeling and fetish videos.
